July 28, 2009

Effective July 1, 2009, Elkhorn Light & Water is a new partner in the statewide Home Energy Plus program and the statewide Focus on Energy initiative. This means that you, our customers, now have access to the valuable services and financial incentives provided through these programs.

Home Energy Plus (Low Income Assistance Programs)

Home Energy Plus includes the Wisconsin Home Energy Assistance Program (WHEAP) and Weatherization Services. WHEAP assistance is an annual one-time payment available from October 1 to May 15 to income-eligible Elkhorn Light & Water customers to assist with heating and electric costs. If your gross household income is less than the amount shown in the table below, you may be eligible to receive assistance.

Household Size	3 Month Combined Household Income
1	\$5,859
2	\$7,661
3	\$9,494
4	\$11,267
5	\$13,069
6	\$14,872
7	\$15,210
8	\$15,548
**For more than 8 people, add an additional \$1,350 per person	

For more information on these programs, please visit homeenergyplus.wi.gov or call 1-866-432-8947. You can apply for energy assistance and weatherization by making an appointment with Walworth County Human Services at **(262) 741-3337** or toll free **(800) 365-1587** or TTY (Telecommunication Device for the Deaf) **(262) 741-3255**. **Appointments will not be scheduled until after September 30, but you can call now to obtain an application – don't wait until disconnection is imminent!**

Focus on Energy

Focus on Energy is Wisconsin's statewide energy efficiency and renewable energy initiative. Focus works with eligible residents, farms and businesses to implement projects that otherwise wouldn't be completed (or to complete sooner than scheduled), resulting in millions of dollars in energy savings for Wisconsin customers each year. Our participation in Focus benefits us all by helping to manage rising energy costs, promote in-state economic development and protect the environment.

What can Focus on Energy offer to our customers?

- A wealth of energy efficiency tips and information to help you learn more about what you can do to start saving energy today.

- Assistance with identifying high efficiency products and local service providers qualified to make efficiency upgrades to your home or business.

- Technical expertise to help guide complex or innovative projects, such as renewable energy installations, from start to completion.

- Financial incentives that help offset the cost of eligible projects.

To learn more about what Focus on Energy has to offer, call 800.762.7077 or visit focusonenergy.com.
