### Progress Continues Towards Construction of New DPW Facility!

The existing Department of Public Works building, constructed in the 1940s, which is located at 12 E. 1st Ave. has outlived its usefulness and continues to require extensive repairs. The existing facility has housed numerous operations over the years including the Police Department, Electric Department and Public Works.

Architectural and Engineering plans for the new facility are currently being finalized by Kueny Architects. The new 37,500 SF DPW facility will be located at the SW corner of Centralia St and Getzen St. The proposed facility is being designed with a 50 plus year service plan in mind which provides opportunity for future expansion. The facility will house services performed by the Department of Public Works including maintenance and repairs of streets, parks, storm sewers, sanitary sewers, buildings and grounds; additional duties include snowplowing operations and compost. The City is anxiously awaiting construction of the new facility which is slated to begin in early summer with completion anticipated in mid-year of 2019.

## MEDICAL ALERT WHEN THE LIGHTS GO OUT

If you use medical equipment that needs electricity to run, please let us know.

The City has a Critical Needs Response Plan that allows customers with critical needs to be notified of a power outage.

A "Critical Care" customer is defined to be:

- A customer with specific medical conditions requiring uninterrupted electric service; or
- Elderly, disabled and/or home-bound customer who is at risk and requires uninterrupted electrical service to maintain their well-being.

The City will attempt to make contact with the customer or designated contact person if there is an outage to provide an estimate of how long the power is expected to be off in case other arrangements need to be considered for the customers well being.

To apply, a Medical Alert Response Application must be completed. Information required includes name, address, phone number, and contact information for another person the City may contact if the critical needs resident does not answer the phone. The application also contains a section which must be completed by a physician stating the patient's medical condition and the type of life sustaining equipment used which requires continuous electric service for the health and safety of that individual.

This qualification requires an annual renewal. The information on the form may be subject to verification and additional information may be required from you or your physician.

The Medical Alert Response Application is available at City Hall or on the City's website. Completed forms may be submitted by mail or dropped off at City Hall. For more information call City Hall at (262) 723-2219.

### Business Owners:

**If you no longer have taxable personal property in Elkhorn, please notify the City Clerk. If not notified, you are responsible for the taxes.**

## IMPORTANT PEDESTRIAN SAFETY REMINDERS

Be especially careful at intersections as failure to yield right-of-way can occur when drivers are turning onto another street and a pedestrian is in their path.

When possible, cross the street at a designated crosswalk. Always stop and look **left, right, and left again** before crossing. If a parked vehicle is blocking the view of the

street, stop at the edge line of the vehicle and look around it before entering the street.

Increase visibility at night by carrying a flashlight when walking and by wearing retro-reflective clothing that helps to highlight body movements.

It is much safer to walk on a sidewalk, but if you must walk in the street, walk facing traffic.

**The Spring Election is Tuesday, April 4th**

**Voting will be organized by Districts and will take place at the Recreation Building located at 200 Devendorf St. Polls open at 7 a.m. and close at 8 p.m.**

**For information on your Ward go to <https://myvote.wi.gov/>**

**NEW! REGISTER TO VOTE ONLINE!**

**NEW! REGISTER ONLINE!** Up to 20 days before the election, voters who have a valid State of Wisconsin Driver License or State of Wisconsin ID card issued by the Wisconsin Department of Motor Vehicles (DMV) can register to vote online on the MyVote Wisconsin website: <http://myvote.wi.gov>. To register online, the voter must enter a name, date of birth, Driver License or ID number and address that matches what is on file with the Wisconsin DMV. If all of the fields match, the voter will be able to register to vote completely online without needing to print, sign or mail the form and without needing to send a proof of residence document. Voters who are not able to match their information with the information in the DMV database will be given the option to register by mail (see instructions below) or in the municipal clerk's office.

**REGISTER BY MAIL.** Up to 20 days before the election. Registration forms should be mailed to your municipal clerk. You can start your voter registration form online at <http://myvote.wi.gov>. Your form must be printed, signed, and mailed or delivered, to your municipal clerk. You must always provide a Proof of Residence document when registering. If you are registering by mail, you can use any of the forms of proof of residence except a residential lease.

**REGISTER IN-PERSON.** You may register in-person in the City Clerk's office up until the Friday before the election at 5 p.m. You must always provide a proof of residence document when registering to vote.

**AT THE POLLING PLACE ON ELECTION DAY.** You may register at the polls on Election Day. You must always provide a Proof of Residence document when registering to vote.

**WHAT DO I NEED TO BRING TO REGISTER TO VOTE?** If you have been issued a State of Wisconsin Driver License or ID card that is valid, you must provide the number and expiration date. If your WI driver license is cancelled or expired; or your WI DOT-issued ID is expired, provide the number and the last 4 digits of your Social Security number. If you have not been issued a WI driver license or WI DOT-issued ID, you must provide the last 4 digits of your Social Security number. If you have none of these documents, you will be able to indicate that fact. You must provide a Proof of Residence Document when registering to vote in Wisconsin. A Proof of Residence Document is a document that proves where you live in Wisconsin and examples can be found on the City's website.

**IS THERE ANYTHING ELSE I NEED TO KNOW ABOUT REGISTRATION?** Photo ID is never required when registering to vote. However, a proof of residence document is always needed when registering to vote in Wisconsin. Voters must reside at their address for at least 10 days by Election Day in order to register to vote. Voters who have moved within Wisconsin less than 10 days before the election must vote from their previous address, either by absentee ballot or at the polling place. Voters who have moved to Wisconsin from another state less than 10 days before an election are only eligible to vote in Presidential elections. Wisconsin law no longer allows a "corroborating witness" to provide proof of residence. You cannot register the Saturday, Sunday, or Monday before an election, but you can register at the polling place on Election Day.

**YOU CAN GET A FREE WISCONSIN IDENTIFICATION CARD.** Just bring whatever identifying documents you have like a birth certificate and proof of your current address to obtain a photo ID to a Wisconsin DMV office. If you don't have those documents you may still obtain a document that you can use for voting through the ID Petition Process at the DMV office.

Find more information on the Photo ID law at [www.BringIt.wi.gov](http://www.BringIt.wi.gov). Register to vote or check your registration status at: [www.MyVote.wi.gov](http://www.MyVote.wi.gov) Contact the Wisconsin Elections Commission at 1-866-Vote-Wis or at [elections@wisconsin.gov](mailto:elections@wisconsin.gov).

## PLANNING A GARAGE SALE THIS SUMMER?

Garage/Rummage Sales are a great way of cleaning house while making a little extra money for your family. Please be aware that the Elkhorn Municipal Code has established a few specific regulations for garage sales to ensure that they do not pose any problems or inconveniences for your neighbors. Following are those regulations.

### How often can I hold a rummage sale at my home?

The Elkhorn Municipal Code permits rummage/garage/yard sales provided no sale continues more than 3 days or parts of days consecutively. Further, no more than 3 days such sales are permitted by any individual or upon any premises within any calendar year. Sale items may not be displayed or sold in the public right-of-way, such as on a sidewalk.

### What kind of things can I sell?

Just about anything around your house that you no longer have room or use for. Just remember that anything you sell shall consist of the sale of personal property by private citizens from your own residence.

### Can I post signs to advertise my rummage sale?

Sure. Signs may be posted on other people's property, but only with their written permission. For signs in the public right-of-way, the City's Municipal Code has the following requirements:

### Do not attach garages sale signs to utility poles or traffic signs.

Each sign may be no larger than 2 square feet in area.

Signs placed in the public right-of-way shall require the consent of the neighboring property owners or tenants. Do not place the sign so that it will cause

a physical or visual obstruction or pose a safety hazard to the public.

The sign may not be placed in public rights-of-way further than 500' from the site of the garage sale.

Signs placed in the public right-of-way shall have the address of the site of the garage sale and the name of the person placing the sign on the back of the signs.

Remove the signs within 24 hours after the conclusion of the event.

*The second weekend in June is the Elkhorn City Wide Rummage Sale - a great time to take advantage of the many people out looking for a deal or to find that one-of-a-kind item for yourself. Visit [elkhornchamber.com](http://elkhornchamber.com) or call 723-5788 for questions.*

Prior to joining Elkhorn, Matthew worked in both the private and public sectors as a design and construction engineer on multiple municipal and transportation projects. Welcome Matthew!

The City welcomed Bryant Meinel to the Public Works Team this past January.
