### **Focus on Energy**

Focus on Energy is Wisconsin's statewide energy efficiency and renewable energy initiative. Focus works with eligible residents, farms and businesses to implement projects that otherwise wouldn't be completed (or to complete sooner than scheduled), resulting in millions of dollars in energy savings for Wisconsin customers each year. Our participation in Focus benefits us all by helping to manage rising energy costs, promote in-state economic development and protect the environment.

What can Focus on Energy offer to our customers?

- A wealth of energy efficiency tips and information to help you learn more about what you can do to start saving energy today.
- Assistance with identifying high efficiency products and local service providers qualified to make efficiency upgrades to your home or business.
- Technical expertise to help guide complex or innovative projects, such as renewable energy installations, from start to completion.
- Financial incentives that help offset the cost of eligible projects.

To learn more about what Focus on Energy has to offer, call 800.762.7077 or visit [www.focusonenergy.com](http://www.focusonenergy.com).
